Project "70"

New Baseball Field Planned

Class of 70's Gift to School

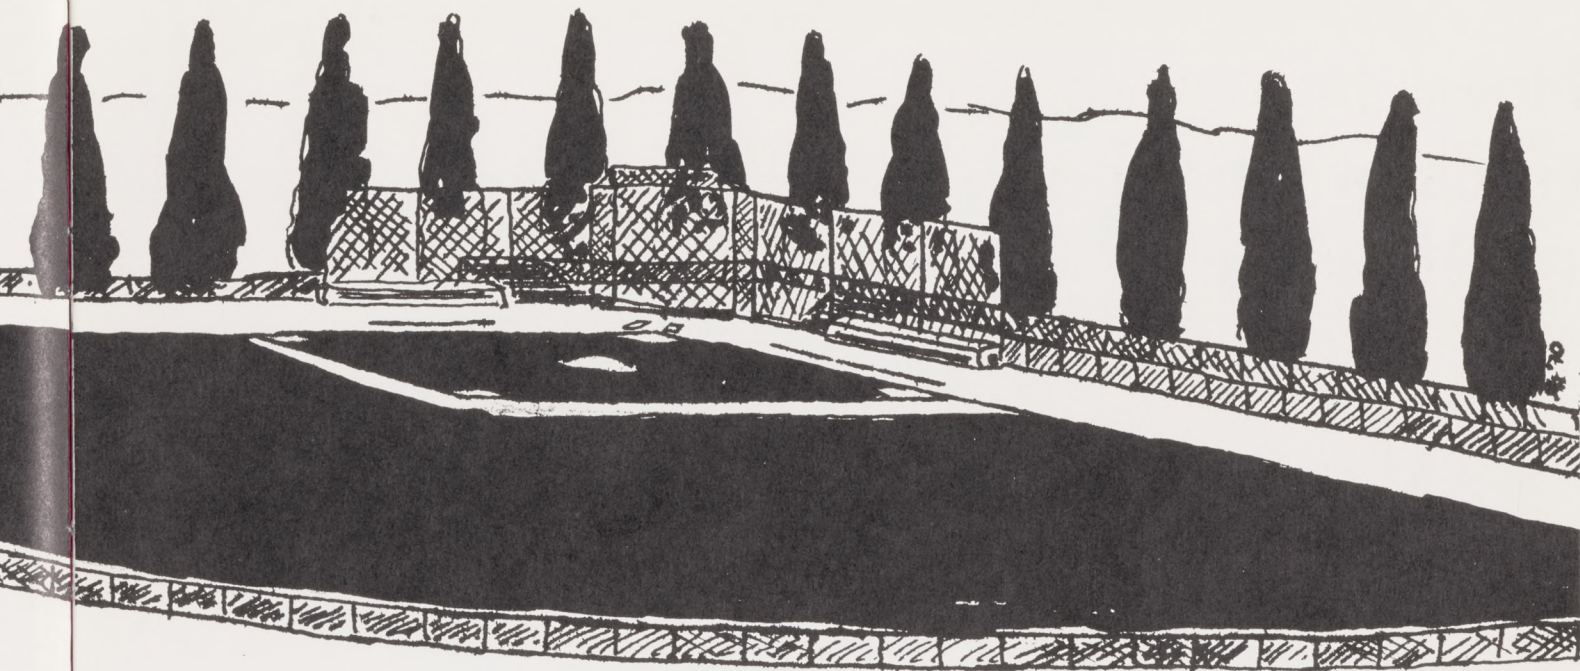

Construction on field begins.

The graduated class of 1970

"Project '70" was the largest project of its kind to ever be attempted by a graduating class. A gift to the school from the Class of '70, this project was to raise funds to build a new baseball field, east of the football field at Wilson and Allesandro streets.

Total cost for the field was around \$7,000. However, the project goals were for \$10,000, the additional sum being useful in a number of other ways. New features include: new grass, a sprinkler system, backstops, a chain-link fence, and concrete-block dugouts plus a twenty-foot warming track.

Artists' conception of finished field.

Gary Page, Gae Rusk, Mike Finney, Shirly Whitham, Mr. Avina.

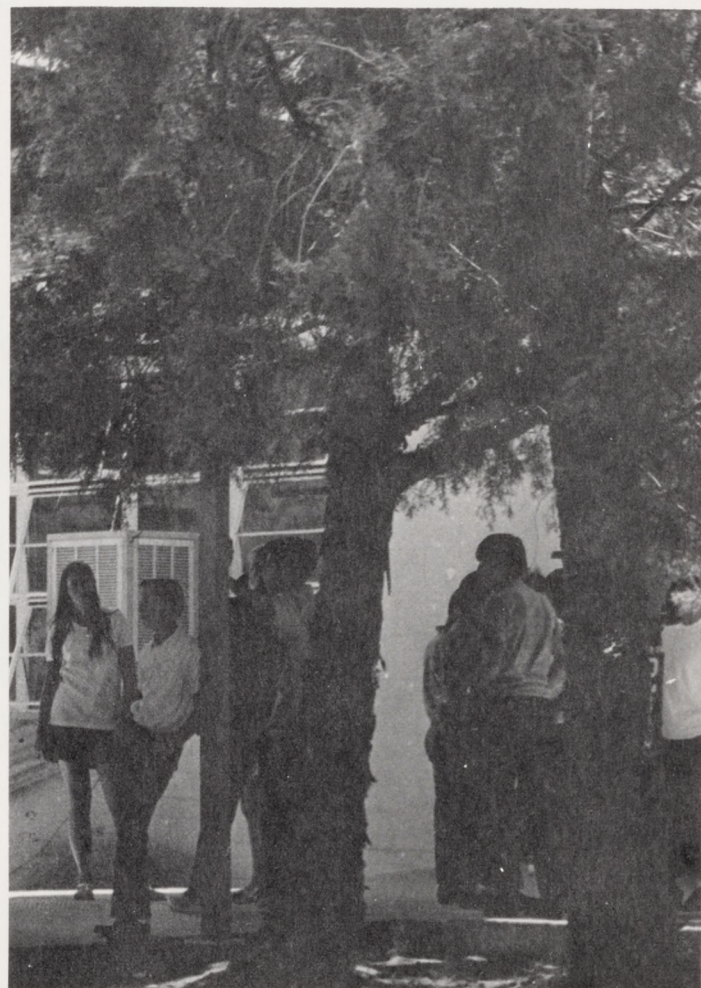

The project received publicity in the newspapers and television. Some of the publicity and fund-raising activities included: a banquet, the raffling of a '70 Datsun, candy sales, door to door campaigning, and the manufacturing of a forty pound marshmallow.

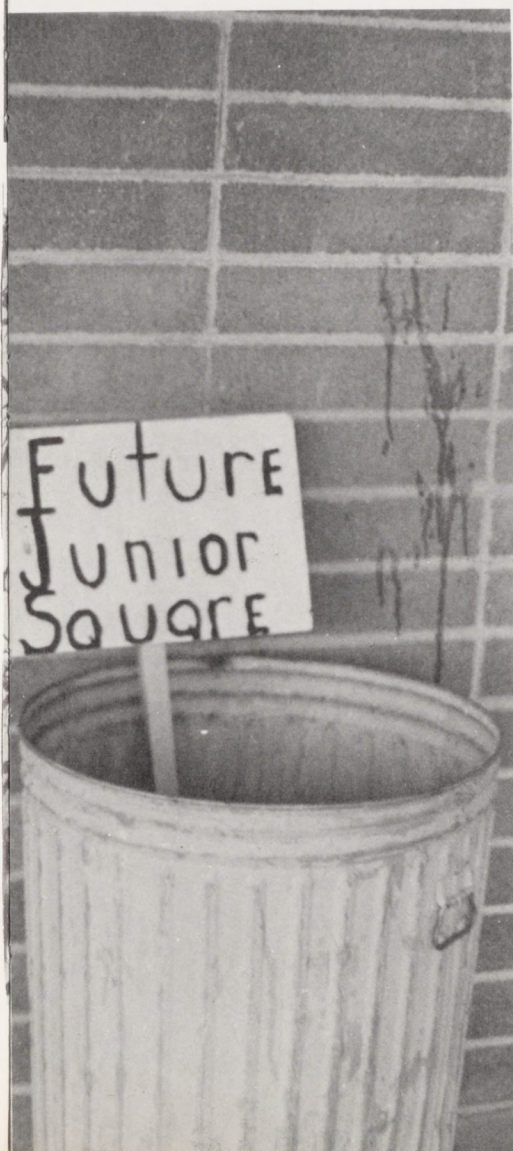

These, along with donations from local and out of town merchants and individuals, helped the Class of '70 with funds needed.

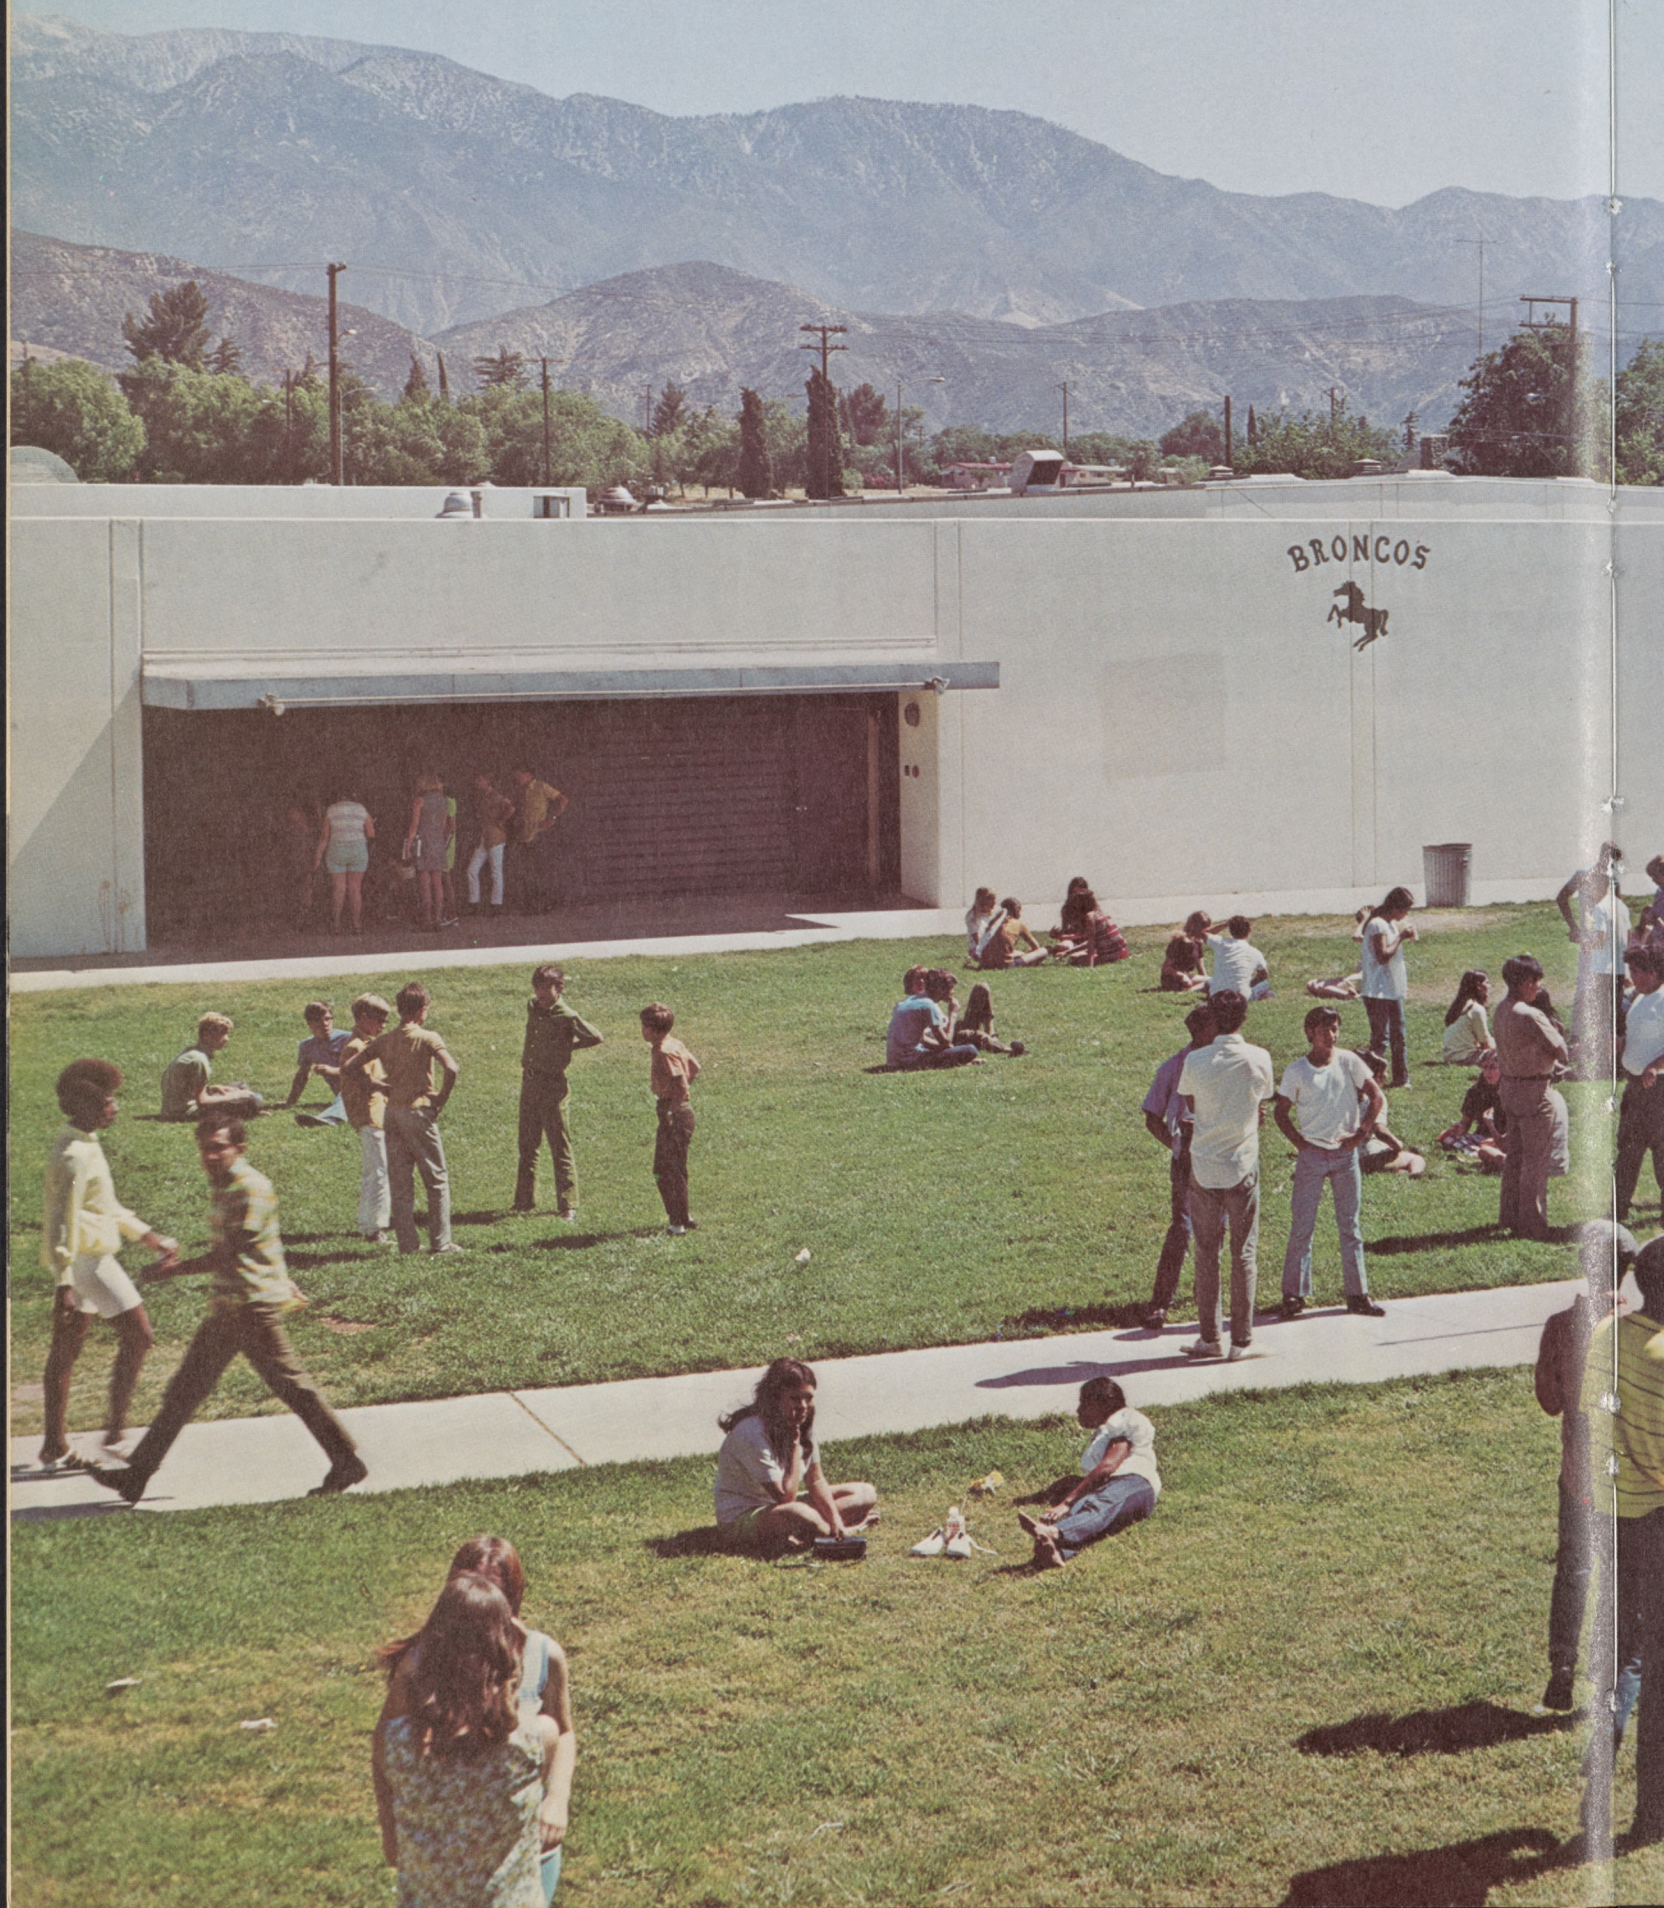

Project '70 chairman Gary Page, and friends.

Winds of Change
Are Blowing. . .”**

**“And the People Who
Are the Leaves Will
Remain in Our Hearts” . . .**

“With Love Til Eternity”

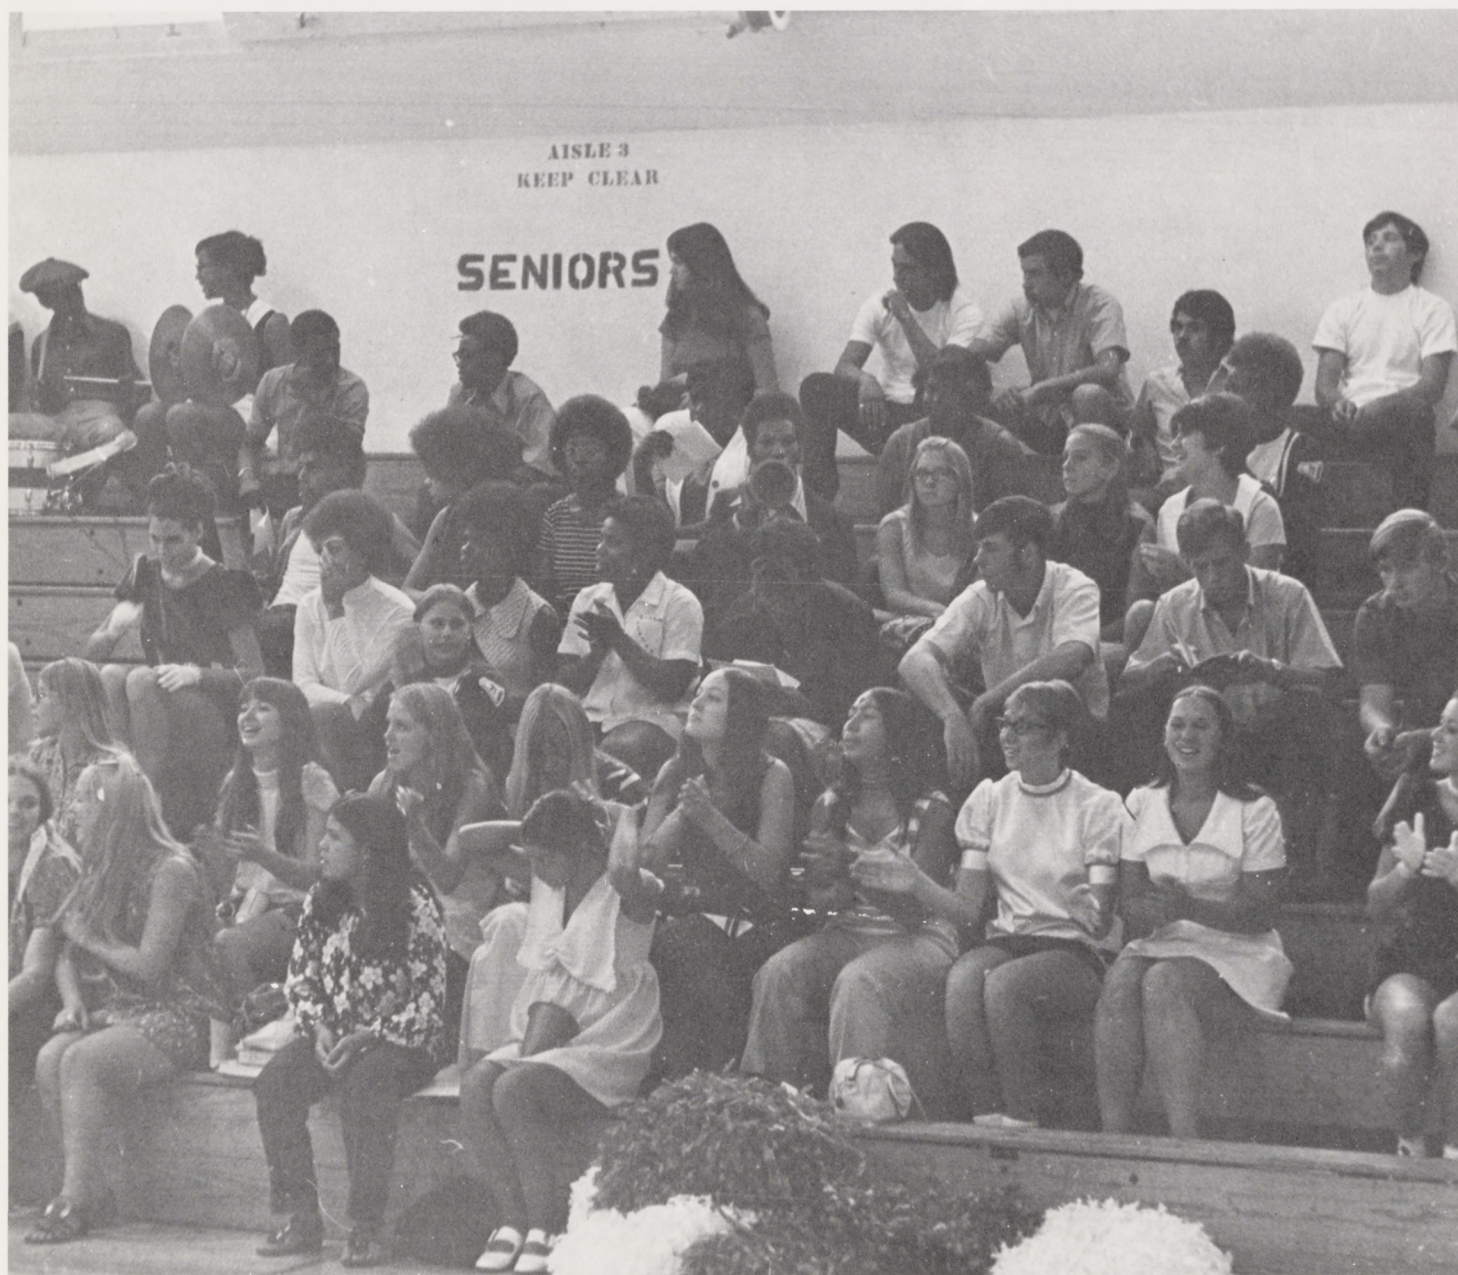

Changes come and go though we may not realize it. In some cases, the change is obvious, while in others, it's not. You know that fashion is different from what it was a few years ago, but have noticed the change in yourself? Now that you're a year older, do you notice anything different? Well, why not try looking at yourself to see what has changed, and ask yourself if the change was for the better or the worse.

But what about other changes? They may be: a new method of treating a disease, a different way of teaching a classroom subject, the one-time rookie now sitting in his seniors'

section at assemblies, people swapping sandwiches at the lunch table. Or something even simpler, such as: a change in emotion, the child who once scribbled crayons now learns to write his name with pencil and paper, the crawling babe learning to walk.

What do these changes involve? They involve people. People trying to do something in a better way, a different way. Somebody reaching out, expanding his grasp, to gain knowledge, to apply what he has learned to make things better for him and those around him. People making changes.

Pretend that you're a leaf
on a tree.
And all the leaves on this
tree are the people you
know, . . . and then some.
And you're hanging on this
tree, quite content.
But, a breeze comes along,
and you get blown around.
After a while, this breeze
turns into a strong wind.
You, along with many other
leaves are swept up, and
you're somersaulting
through the air.
Then you know why change is
like the wind.

"And I say to you, friends, that I mean what I say. And when I say that people are like leaves, I mean that there are many of us, and that we are all a vital part of the community. And when the community is the tree, then the people are the leaves. Therefore, it is extremely important that. . ."

Thusly the politician rambled on.

"He's right, for once," I said to myself. "But then, now that I think about it, this part of his message seems to hold a deeper meaning than literally said.

Hmm, I wonder. . .?"

BRONCO Football didn't get off to the greatest start in the score department, however, it can't be said that there was a lack of spirit or fight.

In these first non-league games, we played class AA rated schools, which were quite a bit larger than us; not only the size of the team as a whole, but also in the size of their student body. A good fight on our behalf was given to show these other teams that they couldn't win easily.

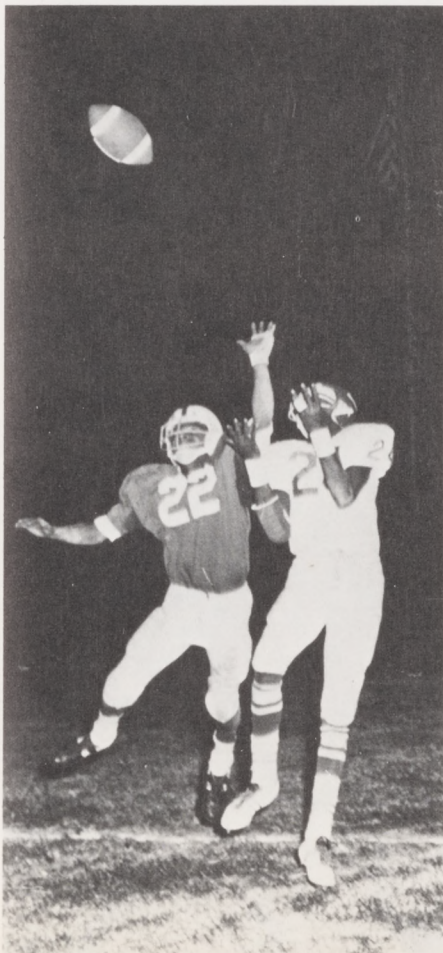

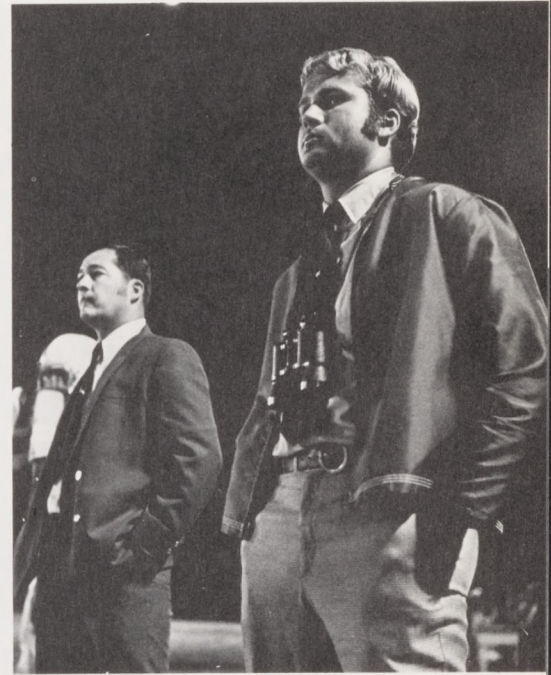

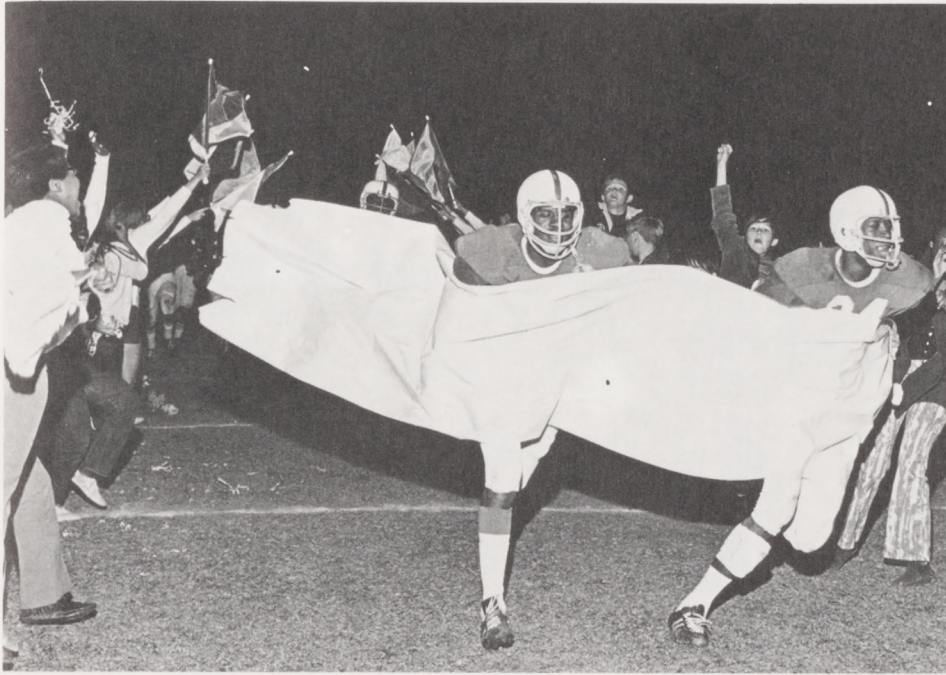

These pre season games, though most of them defeats, "toughened up" the Broncos for the upcoming league circuit. This toughening up made itself apparent at the D.A.L. opener game against Elsinore, with the score 6 - 18 in our favor. The offense and defense both cleaned up on every play.

The night of October 23 brought with it a long awaited event. Last year, after only tying the Beaumont Cougars, the Broncs were more than anxious to get on the field, and start creaming some Cougars. This was the battle for the title of "King of the Mountain" which nobody had had the last year.

Our arch-rivals went down at our hands 19 points behind our score.

The following Friday was enjoyed by about everybody (with the exception of Rim). Not only did we win the football game, but were released from school at noon so that we could see it.

The game was held at Rim-of-the-World High School. Some of us had expected snow, but luckily there wasn't any. After winning this game, we had a 3 win, no loss record, and a very good chance to become D. A. L. champs.

November 6 was an unusually chilly evening for fans and players alike. It was Homecoming night, the Perris Panthers our opponents. This game was important in the aspect of DAL standing, since they were somewhat confused at this time. Even though we lost this game, we still had a chance to make DAL champs.

The Panthers had some good material on their side, and defeated us 18 to 13. However, at no time should it be thought that it was an easy game for Perris, because it wasn't. The Broncos gave them a good battle, the Panthers gaining the least amount of scoring and yardage gained at that time in any game.

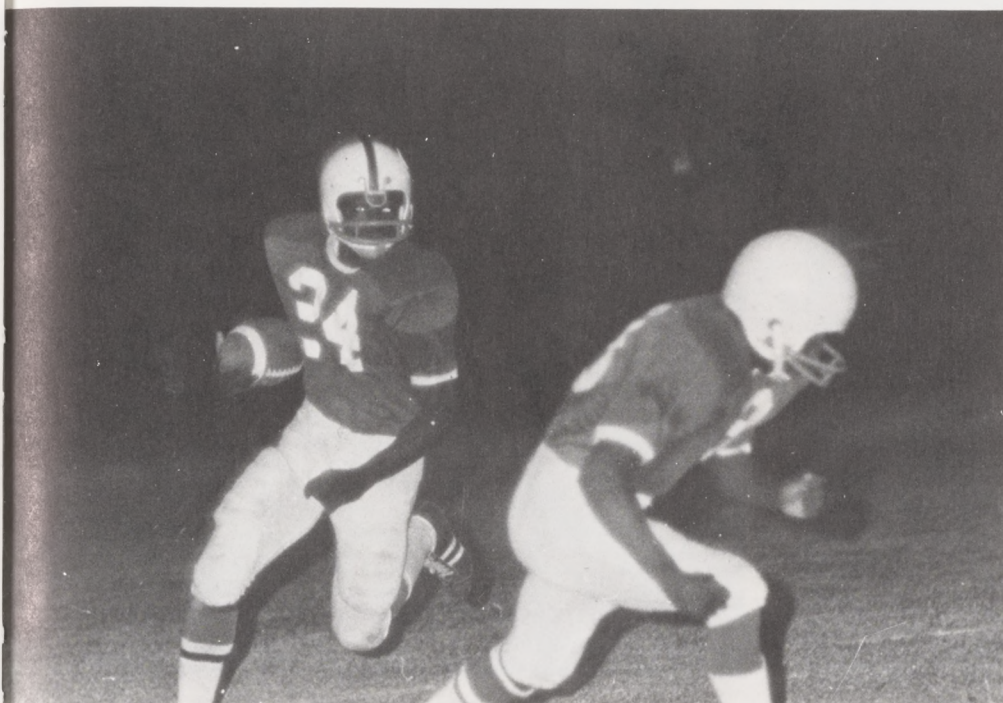

It seemed as if the Broncos were bombed out on the last game. The loss could be attributed to a lack of self-confidence, and to other factors as well. This night of Friday the 13th proved to be of some bad luck after all, since the Tigers WERE WEARING black.

It has been a great year for Bronco football having won 2nd place in the D. A. L. We have seen some tremendous action, and a large amount of talent and skill on the part of our team.

There was also a great amount of SPIRIT at our games, and the song and cheer leaders were always surprising us with new routines.

C. I. F. Playoffs

Banning Broncos end 1970-71 season as Co-Champs . . . This year's basketball team was one of the best teams that this school has seen since the basketball team of 1957 which won the title of not only league champs, but C.I.F. also. The team had an overall record of 21-5, with a pre-league record of 12-2 and a league record of 8-2; the Broncos ended their C.I.F. conflicts with a 1-1 record.

The Broncos participated in three tournaments: the Beaumont Tourney, which they took second place; the annual Block B Tourney, which they took third place; and the 29 palms tourney in which they ran away with first place honors. The Broncos were rated #2 in the C.I.F. standings and were the best offensive team in the D.A.L. with a 68.6 pts. per game average. The Broncos that made all tourney teams were - DeWayne Austin, Rufus Conner, and Edmond Dukes and John Robinson. The all league team members for this season were - First Team; Edmond Dukes and DeWayne Austin. Second Team: John Robinson. And taking Honorable mention was Rufus Conner. Coach Jack Irons did a really good job in coaching the team this year, and he is really looking forward to next year when the Banning Broncos take the floor again.

Pride and spirit are essential for school unity. The Rally Club has these qualities and strives to share them with all Banning High Students. Good attendance at sports events can be at least partly attributed to the work of the members. On game days you can see the girls styling in their green and white dress with white African Bell-bottoms, ready to spread the spirit.

Since there is only one German class on campus the club hoped to arouse interest, both at the Junior High and here, in the language and culture. The first project this year was the Pied Piper of Hamelin entry in the Homecoming Parade. Since Southern California has many centers of German culture the club is planning on going to some German theaters and restaurants to witness this culture first hand.

Choir Girls'

Girls Glee, better known as girls choir is an activity class for girls. In this class, Mr. Jensen, teaches the fundamentals of singing and the lyrics to songs. Every year they co-sponsor Sip n' Sing with the A Cappella Choir. They also sing at festivals in competition with other girls' choirs. There, they are graded on poise, breathing, dress and how well they sing.

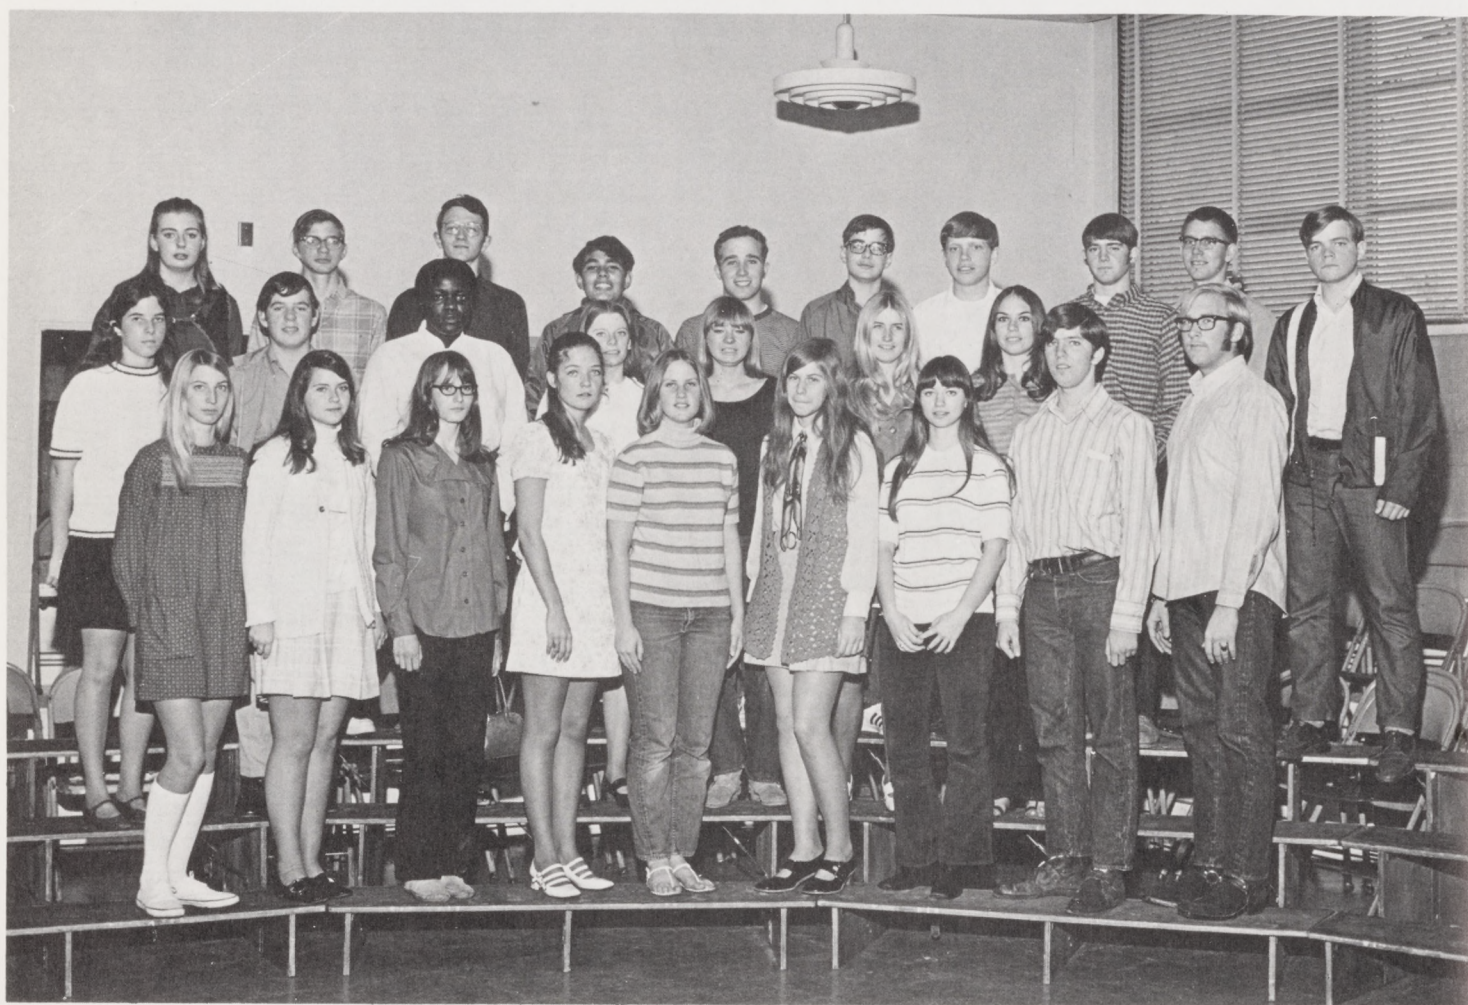

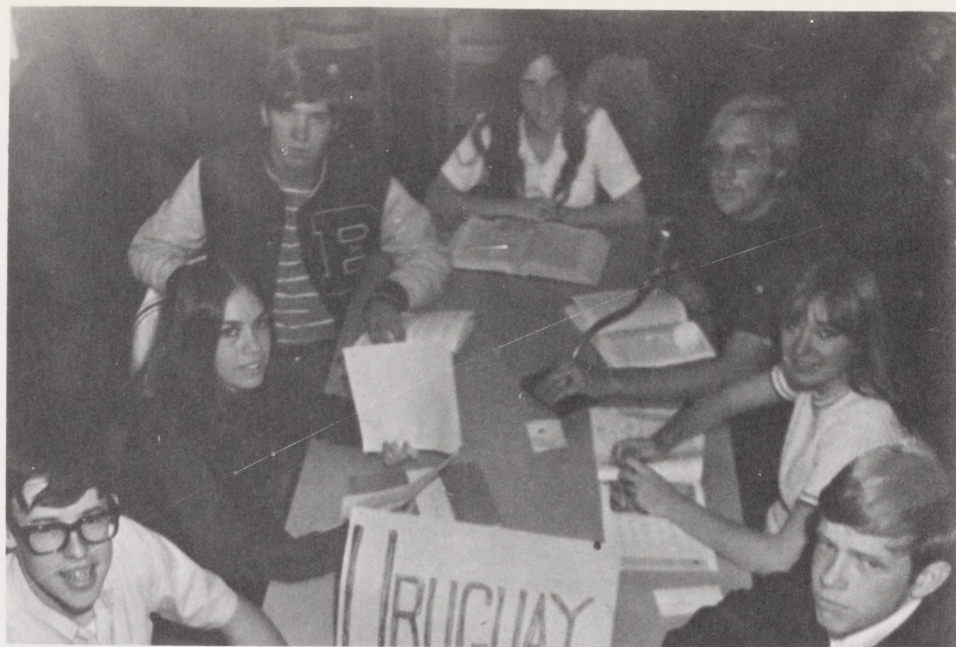

A Cappella Choir

The A Cappella Choir is for students who enjoy singing and music. The first programs are given at Christmas time when they are singing for various service clubs and give the annual Christmas Concert. In the spring the students put on a "Sip n' Sing" which gives them a chance to show their individual talents. Towards the end of the school year they present a musical, which is always a big success. And finally, they honor the seniors by singing at the graduation ceremony.

Model U. N.

The Model UN is a relatively new club having been on campus for only four years. The students learn all they can about how their assigned countries stand on world affairs. They attend a conference on the UCR campus with other students from all over Southern California. San Gorgonian Staff Plots Future of Yearbook Past Setbacks Overcome

. . . ZOOPA . . . ZOOPA . . . ZOOPA

Noah . . . Noah!

What?

You are going to build a Year Book.

Right . . . What's a Year Book?

A Year Book has pictures, copy and it lives between two sides of a cover.

It says stuff about school, may have your picture in it, but what else is there?

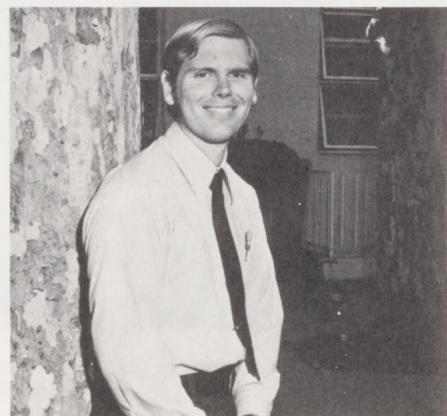

Don Graham

Well, there are autographs and maybe a memory or two. Maybe there's more to it than meets the eye. When a yearbook gets botched, who gets the blame? The yearbook staff, that's who. And it doesn't matter how hard they have worked. We have worked hard this year and hope you don't feel we botched the job. We had a professional printing company to help us. We have added a new format and layout design and included creative photography. All this was accomplished through hard work. We hope we have produced a book all can be proud of and that it will be part of a continuing trend of better and better yearbooks for Banning High.

Homecoming Activities 1970

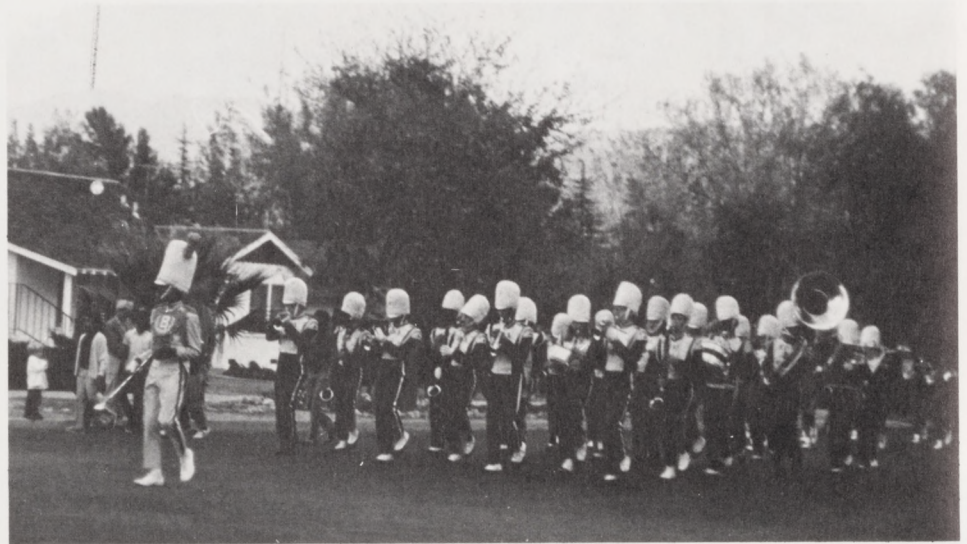

King Leg Joe Mirci, shows Diane his foxy leg.

Annie prefers eating out.

Oops. Coach Chim just lost his breakfast.

March on Broncos.

Homecoming Week was full of activities. This year Banning High crowned two King Legs. This goes to show you we have "men" with nice looking legs. Joe Mirci and John Robinson, (not pictured), were the two lucky fellows. Cookie Queen, Annie Whitmore, got extra lucky and also made Homecoming Queen. It leaves doubt in my mind whether she won Homecoming Queen for herself or her delicious cookies.

Queen Annie reigns over the Dance.

Move a little bit closer baby!

Queen and her Court.

The Homecoming Dance was a success for all who were there. The guys and dolls came decked in their best rags and partied into the starting of another day.

When the years have turned their hair to silver and the days of youth have left them so very far behind, memories of this night will still linger in their minds.

What seems to be holding us up.

Let's hang on to what we've got.

Homecoming 1970

Carol, one of our pretty princesses, was born in Loma Linda on January 14, 1953. Our 99 pound future nurse has brown hair, sky blue eyes, and is the shortest of five princesses (but good things come in small packages!).

Eighteen years ago, on March 13th, a pretty little baby girl was born. But since that day she has grown so much prettier that she leaves no doubt in our minds that she deserves the title of Homecoming Queen of 1970-71. Annie Whitmore stands 64 inches tall and has brown locks and hazel eyes. Playing the guitar is a major hobby of our woman ruler. Our crowned queen looks to the future in hopes of becoming a model, then later a fashion coordinator. With your looks, body and personality, Annie, we know your ambitions will turn your dreams into reality.

Paulette's lucky day is June 26, 1953. She, too, has golden brown hair with soft baby blue eyes. Sewing is one of her favorite pastimes (besides Mark, of course).

Ruby plans on going to University of San Diego to study sociology. She likes cheering and grooves on records. Miss Stringer was born on May 12, 1953 in Terry, Mississippi. She has brown hair with walnut brown eyes. Her escort to the Homecoming game and dance was Robert Miller.

Miss Diane Kropp, a full blooded Californian, loves horses and songleading. She plans on attending a junior college after high school. Her blonde hair and those blue sapphire eyes really add to her out-of-site personality. Diane, a Virgo, was born on September 9, 1953.

Spinsters

This year the Spinster's Dance was sponsored by the Future Homemakers of America.

It was held on a Saturday night, March 13, 1971 with the music provided by the "Blackwood Sparrow." The theme for the evening was the "Wonder of Love"

The highpoint of the annual dance is always the crowning of the King of Spinster's. This year the lucky man was Joe Mirci. Joe was crowned by his date, Penny Feucht, and afterwards, Joe and Penny led a dance.

To add something different to the evening, balloons were released from the ceiling; numbers were inside and many couples won some very nice prizes.

18th Annual Block "B" Invitational Basketball Tournament

Senior Play "Twelve Angry People"

The Senior Play this year is a dramatic story full of impact, showing the emotions and action of a jury in a murder case. A 19 year old boy is accused of murdering his father: guilty or not guilty. This is the grave responsibility of the jurors; the boy's life is in their hands.

Is my breath really that bad?

What happened to the play?

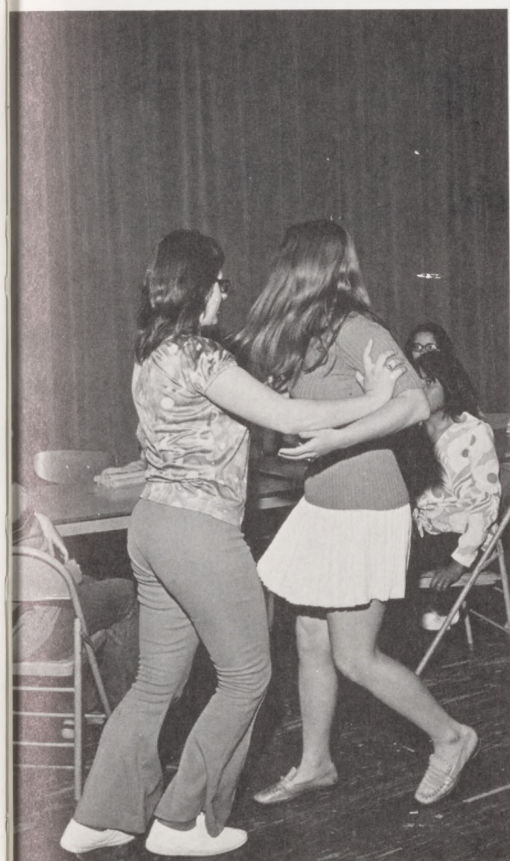

The gangs all here.

Now this is the way you do your ABC's

Our Foreign Exchange Student

Lee Kiet Tan

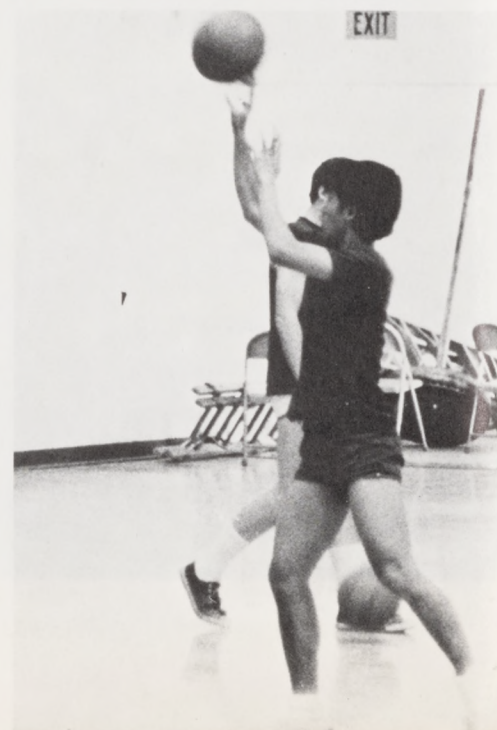

I come from Kuala Lumpur which is the capital of Malaysia. It has a population of about half a million and it is the administrative and economic center of the country.

I have three brothers and two sisters. Both my sisters are married, two of my brothers are studying in London and my other brother is working at home. I am the youngest in the family. My father is retired and my mother is a housewife.

My favorite sports are soccer, badminton and pingpong. I do quite a bit of reading and swimming during my free time. Above all, I love to travel and that is the main reason why I am here.

Miss Banning . . .

Debra

White

Miss Banning this year is truly a soul sister. A small natural and lake green eyes are a couple of her outstanding features. Standing 5 feet 5 inches, she was born February 28 in the year 1952. Along with being active in the Black America club and Speech club she also digs on taking part in Drama and Bantu. She likes art very much and plans on becoming a teacher in this field. If you haven't figured out who Miss Banning is this year, I guess we'll have to tell you. She is Debra White. Next time you are feeling down and need a friend walk up to her and say, "Hello," she won't let you down.

Congratulations
Debra!

The winner was our foreign exchange student, Tan Yee Kiet. The runners-up were Judy Harker and Dan Taft. The winner will go to the zone contest and if successful there to the regional and finally to the district speakoff. The district winner will receive a \$2000.00 scholarship.

RELATION?

NOBODY WILL PLAY WITH ME

Principal

Another year will soon be in the pages of our memories. As we look back, we can see both our trials and errors.

One person, that probably has had the most difficult times and the most horrifying memories, is our fearless principal.

Being the leader of a school, one must continually keep a cool head and must constantly take both the offensive and defensive sides.

Through good times and bad times we know you have tried to use clear positive thinking in all matters dealing with the student body.

Keep your cool, Mr. Avina, we're looking forward to another ambitious and exciting NEXT year.

Vice Principal

Mr. Heslop-That's right, our noble walker of the halls, our gallant gallivanting gargantuan of the administration. He is one of the cooler members of our administration, who helps students who have hang-ups in the disciplinary department, and sometimes those who particularly don't! Mr. H. can be seen patrolling the campus if He's not in the state of processing his paper work. His great sense of humor and insight of human understanding make him a rare and valuable member of our staff.

Coffee, tea, or arsenic?

"To feed our faces", is our motto, with hamburger, noodles or a tomato. From our kitchen, for their delight, comes steak, caviar, and veal . . . well, not quite! But spaghetti, hot beef, and some kind of meat, that's what we put in front of them to eat!
